California

AON Benefit Experience Drug List

The AON Benefit Experience Drug List (formulary) includes a list of drugs covered by Health Net. The drug list is updated at least monthly and is subject to change. All previous versions are no longer in effect. You can view the most current drug list by going to our website at http://www.healthnet.com/myaon or call us at 1-888-926-1692. Refer to the Evidence of Coverage for specific cost share information.

AON Benefit Experience Drug List

Go to Drug List Use the "AON Benefit Experience" Drug List - California.

NOTE: To search the drug list online, open the (pdf) document. Hold down the "Control" (Ctrl) and "F" keys. When the search box appears, type the name of your drug and press the "Enter" key. If you have questions or need more information, call us toll free.

If you have questions about your pharmacy coverage, call Customer Service at **1-888-926-1692**

Hours of Operation
8:00am – 6:00pm Monday through Friday

Updated July 1, 2025

Health Net of California, Inc. is a subsidiary of Health Net, LLC, and Centene Corporation. Health Net is a registered service mark of Health Net, LLC.

Alphabetical index of prescription drugs ..... Index 1

Welcome to Health Net

What If I Have Questions Regarding My Pharmacy Benefit?

If you have questions about your pharmacy coverage, contact Customer Service at the phone number listed on your Health Net ID card or on the cover of this book. Customer Service can help you with questions about your prescription drug benefits, including, but not limited to:

- information about drugs covered under the medical benefit.
- the processes for submitting an exception request, requesting prior authorization and step therapy exceptions.
- actual dollar amounts of cost sharing for drugs including drugs subject to coinsurance.

What is the Drug List?

The drug list is a list of covered drugs used to treat common diseases or health problems. The drug list is selected by a committee of doctors and pharmacists who meet regularly to decide which drugs should be included. The committee reviews new drugs and latest information about existing drugs and chooses drugs based on:

- Safety
- Effectiveness
- Side effects
- Value (if two drugs are equally effective, the less costly drug will be preferred)

This information is not intended as a substitute for professional medical care. Please always follow your health care provider's instructions.

How do I find a drug in the Drug List?

You can search for a drug by using the search tool, alphabetical index or by medical condition. There are three ways to find out if your drug is covered.

Search Tool: Open the List of Drugs (PDF). Hold down the "Control" (Ctrl) and "F" keys. When the search box appears, type the name of your drug. Press the "Enter" key.

Alphabetical Index: The index at the end of the (PDF) lists the names of generic and brand name drugs from A to Z. Once you find a drug name, go to the page number listed to see if the drug is covered.

Categorical list: The drugs are grouped into categorical or therapeutic categories. If you know what therapeutic category and class your drug is in, look through the list to find the category. Then look under the category and class for your drug.

If a generic equivalent for a brand name drug is not available in the market or not covered, the generic drug will not be listed separately. The presence of a drug on the drug list does not guarantee that your doctor will prescribe the drug for a particular medical condition.

How are the drugs listed in the categorical list?

A drug is listed alphabetically by its brand and generic names in its therapeutic category and class.

Example:

Drug Name	Drug Tier	Requirements/ Limits
MAVYRET (***glecaprevir-pibrentasvir***) TABS	3	PA
phentermine hcl caps	1	PA

The generic drug name for a brand drug is included after the brand name in parentheses and ***Bold lowercase italicized*** letters.

Brand Drug Example: MAVYRET TABS (***glecaprevir-pibrentasvir***)

If a generic equivalent for a brand name drug is both available and covered, the generic drug will be listed separately from the brand name drug in all ***bold and italicized lowercase*** letters.

Generic Drug Example: ***terbutaline sulfate tabs***
If a generic drug is marketed under a proprietary, trademark-protected brand name, the brand name will be listed after the generic name in parentheses and regular typeface in all CAPITAL letters.

Generic Drug Marketed Under a Proprietary Brand Name Example: *levothyroxine sodium* (LEVOXYL) TABS

How much will I pay for my drugs?

To see how much you will pay for a drug, check the abbreviations in the Drug Tier column on the formulary.

Drug Class	Benefit Phase	Maximum Cost Share	Days Supply
Oral Cancer Drugs	Before Deductible Is Met	$250	30 Days
All other on-oral cancer) Drugs	After Deductible Is Met	$250	30 Days
Bronze Plan Members	After Deductible Is Met	$500	30 Days

Note: For oral chemotherapy drugs - Notwithstanding any deductible, the total amount of copayment or coinsurance an enrollee is required to pay shall not exceed two hundred fifty dollars ($250) for an individual prescription of up to a 30-day supply.

Nonpreferred Generic Drugs

- Non-preferred generic drugs have been placed at Tier 2.

Tier Descriptions

Below is a description for each Tier. Refer to Evidence of Coverage for specific cost share information.

Tier	*Description*
1	Tier one consists of most generic drugs and low-cost preferred brand drugs.

2	Tier two consists of nonpreferred generic drugs, preferred brand name drugs, and any other drugs recommended by the Plan's pharmacy and therapeutics committee based on safety, efficacy, and cost.
3	Tier three consists of non-preferred brand drugs, brand drugs with generic equivalents on a lower tier, or drugs that have a preferred alternative at a lower tier.
5	Includes preventive benefit drugs, including contraceptives, covered at no cost to members under the Affordable Care Act. A deductible does not apply.
7	A Brand name is listed for reference only when a generic equivalent is available. Generic drugs will be used whenever one is available unless a Brand is specifically requested. You may be asked to pay a higher copayment for the Brand if a generic is available. Refer to your plan documents for coverage details.

Are there any limits on my drug coverage?

Some drugs have limits on coverage. The table below provides a description of abbreviations that may appear in the Limits column on the drug list:

Abbreviation	*Definition*	*Description*
AL	Age Limit	These drugs may require prior authorization if your age does not fall within manufacturer, FDA, or clinical recommendations.
AC	Anti-cancer	Oral cancer drugs are subject to a maximum $250 copayment for a one-month supply, before any deductible has been met, per state law (or $750 maximum for a three-month supply through mail order).
LA	Limited Access	Some drugs may be subject to limited access or restricted access. This means that a drug may only be available at select pharmacies. Limited access may be due to the following reasons: • The FDA or the manufacturer has restricted distribution of a drug to certain facilities, pharmacies, or prescribers, or • Certain drugs require special handling, coordination of care, or patient education that cannot be provided at a retail pharmacy. If the drug is approved, we will let you know how to get limited access drugs.
PA	Prior Authorization	This drug requires prior approval. This means that you or your doctor must get approval from us before you fill your prescription. If you do not get approval, we may not cover the drug.
PV	Prevention Drug	Includes preventive benefit drugs, including contraceptives, covered at no cost to members under the Affordable Care Act. A deductible does not apply.

QL	Quantity Limit	These drugs have a limit on the amount that will be covered. Your doctor must request approval for a higher quantity of the drug from Health Net. Health Net covers a 12-month supply when dispensed at one time of all self-administered hormonal contraceptives on the Formulary.
RX/OTC	Prescription & Over-the-Counter (OTC)	Certain drugs are available both in a prescription form and in an OTC form. Only prescription drugs are covered by your plan except for some insulins, insulin supplies and some covered preventive drugs. OTC drugs on the drug list, including OTC preventive drugs and contraceptives, require a prescription to be covered.
SP	Specialty Drug	Specialty drugs are required to be provided through a Health Net contracted Specialty Pharmacy. Once Health Net approves the medication, our contracted Specialty pharmacy will contact you to arrange for delivery.
ST	Step Therapy	Step therapy is when you are required to use one drug before another, in a stepwise fashion. Unless an exception is made, one or more preferred drugs must be tried first before progressing to a drug that is subject to step therapy.

How often does the Drug List change?

The formulary will be updated with changes monthly. The types of changes may include the following:

- Removal of a drug or dosage form of a drug from the formulary
- Any change in the tier placement of a drug results in an increase in cost sharing.
- Adding or changing utilization management procedures applicable to a drug.

If these changes occur, you will be notified at least 60 days in advance of the change, unless the drug is removed for safety reasons.

How can I get prior authorization or an exception to the rules for drug coverage?

Requests for prior authorization may be submitted electronically through ***CoverMyMeds***, by phone at 1-800-548-5524, or by fax at 1-800-314-6223. Once your doctor's request is received, we will notify your doctor of our decision within 72 hours. If Health Net fails to respond to a completed prior authorization or step therapy exception request within 72 hours of receiving a non-urgent request and 24 hours of receiving a request based on exigent circumstances, the request is deemed approved, and the health insurer may not deny the request thereafter.

If your doctor believes that waiting 72 hours for a standard decision could seriously harm your health, your doctor can ask for a fast (expedited) decision. This applies only to requests for drugs that you have not already received.

We must make expedited decisions within 24 hours after we get your doctor's supporting statement.

Your doctor must submit a supporting statement to us explaining why you need the drug. You or your doctor may appeal the denial of an exception request. The denial documents provide more information on appeal rights and procedures if there is a medical need to use a non-formulary drug or a drug requiring pre-approval, an exception to coverage may be requested by the prescriber. If the health

plan, contracted physician group, or utilization review organization fails to notify the prescribing provider within the applicable time period, the request is deemed approved for the duration of the prescription, including refills.

If we approve your drug's exception, the approval continues until the end of the plan year. To keep the exception in place for the plan year, you must remain enrolled in our plan, your doctor must continue to prescribe your drug, and your drug must be safe for treating your condition.

If a drug is not on the drug list, and is not specifically excluded from coverage, your doctor can ask for an exception. To request an exception, your doctor can submit a prior authorization request along with a supporting statement explaining why you need the drug. Requests for prior authorization may be submitted electronically or by telephone or fax. If we approve an exception for a drug that is not on the drug list, the non-preferred brand drug tier (Tier 3) or Tier 4 (Specialty) copayment applies.

Health Net will cover all medically necessary drugs. If Health Net fails to respond to a completed prior authorization or step therapy exception request within 72 hours of receiving a non-urgent request and 24 hours of receiving an expedited request, the request will be approved, and Health Net may not deny the request thereafter.

Step Therapy Exception

In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. This is called step therapy. Step therapy is when you are required to use one drug before another, in a stepwise fashion. The required first step drug or preferred drug is a proven, cost-effective medication. Unless a step therapy exception is made, one or more preferred drugs must be tried before progressing to a drug that is subject to step therapy.

A request for an exception to a step therapy requirement may be submitted in the same manner as a request for prior authorization. The request shall be treated in the same manner, and shall be responded to in the same manner, as a request for prior authorization for prescription drugs.

If you have already tried and failed the preferred drug(s), or if you are already taking a drug that is subject to step therapy when enrolled in a Health Net plan, you will not have to undergo step therapy and the drug will be approved for coverage when criteria is met.

You or your doctor can request a step therapy exception if:

- The required prescription drug is contraindicated or is likely, or expected, to cause an adverse reaction or physical or mental harm to the member in comparison to the requested prescription drug, based on the known clinical characteristics of the member and the known characteristics and history of the member's prescription drug regimen.
- The required prescription drug is expected to be ineffective based on the known clinical characteristics of the member and the known characteristics and history of the member's prescription drug regimen.
- The member has tried the required prescription drug while covered by their current or previous health coverage or Medicaid, and that prescription drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse reaction. The health care service plan may require the submission of documentation demonstrating that the member tried the required prescription drug before it was discontinued.
- The required prescription drug is not clinically appropriate for the member because the required drug is expected to do any of the following, as determined by the member's prescribing provider:
  - Worsen a comorbid condition.

- Decrease the capacity to maintain a reasonable functional ability in performing daily activities.
- Poses a significant barrier to adherence to, or compliance with, the member's drug regimen or plan of care.
- The member is stable on a prescription drug selected by the member's prescribing provider for the medical condition under consideration while covered by their current or previous health coverage.

When information necessary for the health plan to make a determination is not included with a request for prior authorization or step therapy exception, the plan will notify the prescribing provider within 72 hours of receipt or within 24 hours of receipt if exigent circumstances exist.

Once the health plan receives the requested information, the applicable time period to approve or deny a prior authorization or step therapy exception request begins. If the health plan, contracted physician group, or utilization review organization fails to notify the prescribing provider within the applicable time period, the request is deemed approved for the duration of the prescription, including refills.

Are all contraceptives covered?

Contraceptive benefits include coverage for a variety of U.S. Food and Drug Administration (FDA)-approved prescription contraceptive methods. If your doctor determines that none of the covered methods on the drug list or if a covered therapeutic equivalent of a drug, device, or product is not available, and is medically necessary for you, Health Net will provide coverage. OTC oral contraceptives or condoms can be provided by your pharmacy without a prescription and billed through the pharmacy claims system with a zero copay. Members obtaining OTC oral contraceptives should inform their physician.

What blood glucose supplies are covered?

Specific brands of blood glucose monitors, blood glucose testing strips, lancets, ketone testing strips, pen delivery systems for injecting insulin and insulin needles and syringes are covered on the drug list. A prescription from your doctor is required to obtain these from a pharmacy.

Insulin pumps and all related necessary supplies, podiatric devices to prevent or treat diabetes-related complications and visual aids, excluding eyewear, to assist the visually impaired with proper dosing of insulin are covered under the medical benefit.

Are preventive drugs covered?

Yes, preventive drugs on the Drug List, with "A" and "B" grade recommendations of the U.S. Preventive Services Task Force (USPSTF) are covered. Included are contraceptives, male condoms, and preexposure prophylaxis (PrEP). Office administered injectable medications are provided under the medical benefit. There is no member cost share for preventive drugs on the Drug List, excluding grandfathered plans.

What drugs are under my medical benefit?

Drugs that are not considered self-injectable and are administered by your doctor will be covered under your medical benefit. If your doctor does not have the drug, your doctor will give you instructions on where you can receive the drug. Certain drugs that are self-administered are covered under your pharmacy benefit. Refer to your *Evidence of Coverage* for coverage information and exceptions.

Can I go to any pharmacy?

Except in emergency and urgent situations, Health Net does not cover drugs dispensed by non-network pharmacies. Health Net contracts with most U.S. chain pharmacies and many independent pharmacies. These pharmacies are called in-network pharmacies. To find an in-network pharmacy near you, visit our website at Find a pharmacy or call us at the telephone number on your Health Net ID card or listed on the front cover of this book.

Some injectable and high-cost drugs are considered specialty drugs. These drugs must be filled at an in-network specialty pharmacy. Specialty drugs are noted on the drug list in the Requirements/Limits column with the abbreviation "LA" or a statement indicating the drug must be dispensed from a network specialty pharmacy.

Can I use a mail order pharmacy?

For maintenance prescription drugs, you can use the CVS Caremark Mail Order Pharmacy. The drugs available through mail order are drugs that you take on a regular basis for a chronic or long--term medical condition. Specialty drugs are not available through mail order.

To use the mail order pharmacy, your doctor must provide a new prescription that allows up to a 90-day supply of each drug. Mail order forms are available on our website at Get Forms - Pharmacy mail order or you may call us at the telephone number on your Health Net ID card or on the front cover of this book to request a form.

How can I save money on my prescription drugs?

You can save time and money with these simple steps:

- Ask your doctor about generic drugs that may work for you.
- Fill prescriptions at in-network pharmacies.
- Be sure your doctor prescribes drugs on the drug list.
- Fill your maintenance drugs through our mail order pharmacy program.
- Log into HealthNet.com to check drug coverage, your cost at a pharmacy or alternatives to your medication.

Are infertility drugs covered?

Check your plan documents for your specific coverage. A new regulation (SB 729) requires new and renewing Groups, after July 1, 2025, will pay only their Tier copayment. Many Groups currently have a 50% coinsurance, which will go away after their renewal.

Definitions

Brand drug: Is a drug that is marketed under a proprietary, trademark-protected name. A brand drug is listed in this formulary in all CAPITAL letters.

Coinsurance: Is a percentage of the cost of a covered health care benefit that you pay after you have paid the deductible, if a deductible applies to the health care benefit.

Copayment: Is a fixed dollar amount that you pay for a covered health care benefit after you have paid the deductible if a deductible applies to the health care benefit.

Deductible: Is the amount you pay for covered health care benefits that are subject to the deductible before your health insurer begins to pay. If the plan has a deductible, it may have either one deductible or separate deductibles for medical benefits and prescription drug benefits. After you pay your deductible, you usually pay only a copayment or coinsurance for covered health care benefits. The plan pays for the rest.

Drug Tier: Is a group of prescription drugs that correspond to a specified cost sharing tier. The drug tier in which a prescription drug is placed determines your portion of the cost for the drug.

Enrollee: Is a person enrolled in a health plan who is entitled to receive services from the plan. All references to enrollees in this formulary template shall also include subscribers as defined in this section below.

Exception request: Is a request for coverage of a non-formulary drug. If you, your designee, or your doctor submits a request for coverage of a non-formulary drug, the plan must cover the non-formulary drug when it is medically necessary for you to take the drug.

Exigent circumstances: Is when you are suffering from a medical condition that may seriously jeopardize your life, health, or ability to regain maximum function, or when you are undergoing a current course of treatment using a non-formulary drug.

Formulary or **prescription drug list**: Is the list of drugs that is covered by the plan under the prescription drug benefit of the policy.

Generic drug: Is a drug that is the same as its brand name drug equivalent in dosage, strength, effect, how it is taken, quality, safety, and intended use. A generic drug is listed in the drug list in bold and italicized lowercase letters.

Medically Necessary: Is a health care benefit needed to diagnose, treat, or prevent a medical condition or its symptoms and that meet accepted standards of medicine. Plans usually do not cover health care benefits that are not medically necessary.

Non-formulary drug: Is a prescription drug that is not listed on the drug list.

Out-of-pocket costs: Are your expenses for health care benefits that are not reimbursed by the plan. Out-of-pocket costs include deductibles, copayments, and coinsurance for covered health care benefits, plus all costs for health care benefits that are paid by the Member and not covered by the plan.

Prescribing provider: This health care provider can write a prescription for a drug to diagnose, treat, or prevent a medical condition.

Prescription: Is an oral, written, or electronic order from a prescribing provider authorizing a prescription drug to be provided to a specific individual.

Prescription drug: Is a drug that by law requires a prescription.

Prior Authorization: Is a decision by the plan that a health care benefit is medically necessary for you. If a prescription drug is subject to prior authorization in the drug list, your doctor must request approval from the plan to cover the drug before you fill your prescription. The plan must grant a prior authorization request when it is medically necessary for you to take the drug.

Step therapy: Is a specific sequence in which prescription drugs for a particular medical condition

must be tried. If a drug is subject to step therapy in the drug list, you may have to try one or more other drugs before the plan will cover that drug for your medical condition. If your doctor submits a request for an exception to the step therapy requirement, the plan must grant the request when it is medically necessary for you to take the drug.

Step therapy exception is a decision to override an applicable step therapy protocol in favor of coverage of the prescription drug prescribed by a health care provider for an individual member.

Subscriber: Means the person who is responsible for payment to a plan or whose employment or other status, except for family dependency, is the basis for eligibility for membership in the plan.

amlodipine besylate-benazepril hcl 10 MG-2.5 MG	1	
amlodipine besylate-benazepril hcl 10 MG-5 MG, 20 MG-10 MG, 20 MG-5 MG, 40 MG-10 MG, 40 MG-5 MG	1	QL(1 EA daily)
amlodipine besylate-valsartan 10 MG-160 MG	1	QL(1 EA daily)

Drug Name	Drug Tier	Requirements/ Limits
amlodipine besylate-valsartan 10 MG-320 MG, 5 MG-160 MG, 5 MG-320 MG	1	
amlodipine-valsartan-hydrochlorothiazide	1	
ATACAND HCT *(candesartan cilexetil-hydrochlorothiazide)*	4	
atenolol & chlorthalidone	1	
AVALIDE *(irbesartan-hydrochlorothiazide)*	4	
benazepril & hydrochlorothiazide	1	
BENICAR HCT 12.5 MG-40 MG, 25 MG-40 MG *(olmesartan medoxomil-hydrochlorothiazide)*	4	QL(1 EA daily)
BENICAR HCT 12.5 MG-20 MG *(olmesartan medoxomil-hydrochlorothiazide)*	4	
bisoprolol & hydrochlorothiazide	1	
candesartan cilexetil-hydrochlorothiazide	1	
captopril & hydrochlorothiazide	1	
DIOVAN HCT 12.5 MG-160 MG, 12.5 MG-320 MG, 12.5 MG-80 MG, 25 MG-320 MG *(valsartan-hydrochlorothiazide)*	4	
DIOVAN HCT 25 MG-160 MG *(valsartan-hydrochlorothiazide)*	4	QL(1 EA daily)
EDARBYCLOR	3	QL(1 EA daily)
enalapril maleate & hydrochlorothiazide	1	
EXFORGE 10 MG-320 MG, 5 MG-160 MG, 5 MG-320 MG *(amlodipine besylate-valsartan)*	4	

1=Preferred Generics 2=Preferred Brands/High Cost Generics 3=Non-Preferred Brand Drugs 5=Preventive Drugs 7=Brand Reference Only, Generic is Available PV=Preventive Drugs AL=Age Limit PA=Prior Authorization QL=Quantity Limit ST=Step Therapy AC=Anti-Cancer LA=Limited Access SP=Specialty Drug RX/OTC=Prescription & Over-the-Counter

Drug Name	Drug Tier	Requirements/ Limits
EXFORGE 10 MG-160 MG *(amlodipine besylate-valsartan)*	4	QL(1 EA daily)
EXFORGE HCT *(amlodipine-valsartan-hydrochlorothiazide)*	4	
fosinopril sodium & hydrochlorothiazide	1	
HYZAAR *(losartan potassium & hydrochlorothiazide)*	4	
irbesartan-hydrochlorothiazide	1	
lisinopril & hydrochlorothiazide 12.5 MG-10 MG, 12.5 MG-20 MG	1	
lisinopril & hydrochlorothiazide 25 MG-20 MG	1	QL(2 EA daily)
losartan potassium & hydrochlorothiazide	1	
LOTENSIN HCT 12.5 MG-10 MG, 12.5 MG-20 MG, 25 MG-20 MG *(benazepril & hydrochlorothiazide)*	4	
LOTREL 10 MG-5 MG, 20 MG-10 MG, 20 MG-5 MG, 40 MG-10 MG *(amlodipine besylate-benazepril hcl)*	4	QL(1 EA daily)
metoprolol & hydrochlorothiazide TABS	1	
MICARDIS HCT *(telmisartan-hydrochlorothiazide)*	4	
olmesartan medoxomil-amlodipine-hydrochlorothiazide	1	ST
olmesartan medoxomil-hydrochlorothiazide 12.5 MG-40 MG, 25 MG-40 MG	1	QL(1 EA daily)

Drug Name	Drug Tier	Requirements/ Limits
olmesartan medoxomil-hydrochlorothiazide 12.5 MG-20 MG	1	
quinapril-hydrochlorothiazide 25 MG-20 MG	1	QL(1 EA daily)
quinapril-hydrochlorothiazide 12.5 MG-10 MG, 12.5 MG-20 MG	1	
telmisartan-amlodipine	1	
telmisartan-hydrochlorothiazide	1	
TENORETIC 100 *(atenolol & chlorthalidone)*	4	
TENORETIC 50 *(atenolol & chlorthalidone)*	4	
trandolapril-verapamil hcl	1	
TRIBENZOR *(olmesartan medoxomil-amlodipine-hydrochlorothiazide)*	4	ST
valsartan-hydrochlorothiazide 12.5 MG-160 MG, 12.5 MG-320 MG, 12.5 MG-80 MG, 25 MG-320 MG	1	
valsartan-hydrochlorothiazide 25 MG-160 MG	1	QL(1 EA daily)
VASERETIC 25 MG-10 MG *(enalapril maleate & hydrochlorothiazide)*	4	
ZESTORETIC 25 MG-20 MG *(lisinopril & hydrochlorothiazide)*	4	QL(2 EA daily)
ZESTORETIC 12.5 MG-10 MG, 12.5 MG-20 MG *(lisinopril & hydrochlorothiazide)*	4	
ZIAC *(bisoprolol & hydrochlorothiazide)*	4	
Direct Renin Inhibitors		
aliskiren fumarate	1	

1=Preferred Generics 2=Preferred Brands/High Cost Generics 3=Non-Preferred Brand Drugs 5=Preventive Drugs 7=Brand Reference Only, Generic is Available PV=Preventive Drugs AL=Age Limit PA=Prior Authorization QL=Quantity Limit ST=Step Therapy AC=Anti-Cancer LA=Limited Access SP=Specialty Drug RX/OTC=Prescription & Over-the-Counter

Drug Name	Drug Tier	Requirements/ Limits
TEKTURNA *(aliskiren fumarate)*	4	
Selective Aldosterone Receptor Antagonists (SARAs)		
eplerenone	1	
INSPRA *(eplerenone)*	4	
Vasodilators		
hydralazine hcl TABS	1	
minoxidil 2.5 MG, 10 MG	1	
ANTI-INFECTIVE AGENTS - MISC. - Drugs to Treat Bacterial Infections		
Anti-infective Agents - Misc.		
FLAGYL CAPS *(metronidazole)*	4	
metronidazole CAPS	1	
metronidazole TABS 250 MG, 500 MG	1	
NEBUPENT IN *(pentamidine isethionate)*	4	
pentamidine isethionate IN	1	
tinidazole	1	ST
trimethoprim TABS	1	
XIFAXAN 550 MG	3	QL(2 EA daily); PA
XIFAXAN 200 MG	3	QL(2 EA daily; 9 EA per fill retail); PA
Anti-infective Misc. - Combinations		
(Sulfamethoxazole-Trimethoprim) SULFATRIM PEDIATRIC SUSP	1	
BACTRIM DS TABS *(sulfamethoxazole-trimethoprim)*	4	
BACTRIM TABS *(sulfamethoxazole-trimethoprim)*	4	

Drug Name	Drug Tier	Requirements/ Limits
sulfamethoxazole-trimethoprim SUSP	1	
sulfamethoxazole-trimethoprim TABS	1	
Antiprotozoal Agents		
ALINIA SUSR	3	
ALINIA TABS *(nitazoxanide)*	4	
atovaquone	1	
MEPRON *(atovaquone)*	4	
nitazoxanide TABS	1	
Glycopeptides		
VANCOCIN CAPS *(vancomycin hcl)*	4	QL(2 EA daily)
vancomycin hcl CAPS	1	QL(2 EA daily)
Leprostatics		
dapsone 100 MG	1	QL(4 EA daily)
dapsone 25 MG	1	
Lincosamides		
CLEOCIN *(clindamycin palmitate hydrochloride)*	4	
CLEOCIN *(clindamycin hcl)*	4	
clindamycin hcl	1	
clindamycin palmitate hydrochloride	1	
Oxazolidinones		
linezolid SUSR	1	QL(210 ML per 90 day(s) retail)
linezolid TABS	1	QL(20 EA per 90 day(s) retail)
ZYVOX SUSR *(linezolid)*	4	QL(210 ML per 90 day(s) retail)
ZYVOX TABS *(linezolid)*	4	QL(20 EA per 90 day(s) retail)
Urinary Anti-infectives		
fosfomycin tromethamine	1	
HIPREX *(methenamine hippurate)*	4	

1=Preferred Generics 2=Preferred Brands/High Cost Generics 3=Non-Preferred Brand Drugs 5=Preventive Drugs 7=Brand Reference Only, Generic is Available PV=Preventive Drugs AL=Age Limit PA=Prior Authorization QL=Quantity Limit ST=Step Therapy AC=Anti-Cancer LA=Limited Access SP=Specialty Drug RX/OTC=Prescription & Over-the-Counter

Drug Name	Drug Tier	Requirements/ Limits
MACROBID *(nitrofurantoin monohyd macro)*	4	
MACRODANTIN *(nitrofurantoin macrocrystal)*	4	
methenamine hippurate	1	
methenamine mandelate 1 GM	1	
METHENAMINE MANDELATE *(methenamine mandelate)*	4	
MONUROL *(fosfomycin tromethamine)*	4	
nitrofurantoin	1	
nitrofurantoin macrocrystal	1	
nitrofurantoin monohyd macro	1	
ANTIMALARIALS - Drugs to Treat Malaria (Parasitic Infections)		
Antimalarial Combinations		
atovaquone-proguanil hcl	1	
COARTEM	2	Limit 24 per month; QL(0.8 EA daily)
MALARONE *(atovaquone-proguanil hcl)*	4	
Antimalarials		
chloroquine phosphate TABS	1	
DARAPRIM	4	SP; PA
hydroxychloroquine sulfate 200 MG	1	
KRINTAFEL	2	QL(2 EA per 30 day(s) retail)
mefloquine hcl	1	
primaquine phosphate TABS	1	

Drug Name	Drug Tier	Requirements/ Limits
PRIMAQUINE PHOSPHATE TABS *(primaquine phosphate)*	4	
pyrimethamine	4	SP; PA
QUALAQUIN CAPS *(quinine sulfate)*	4	QL(2 EA daily); PA
quinine sulfate CAPS 324 MG	1	QL(2 EA daily); PA
ANTIMYASTHENIC/CHOLINERGIC AGENTS		
Antimyasthenic/Cholinergic Agents		
FIRDAPSE	3	ST; SP; PA
MESTINON SOLN PO *(pyridostigmine bromide)*	4	PA
MESTINON TABS *(pyridostigmine bromide)*	4	
MESTINON TBCR *(pyridostigmine bromide)*	4	
pyridostigmine bromide SOLN PO	3	PA
pyridostigmine bromide TABS 60 MG	1	
pyridostigmine bromide TBCR	1	
ANTIMYCOBACTERIAL AGENTS - Drugs to Treat Tuberculosis (Bacterial Infections)		
Antimycobacterial Agents		
cycloserine	3	
ethambutol hcl TABS	1	
isoniazid SYRP	1	
isoniazid TABS	1	
MYAMBUTOL TABS 400 MG *(ethambutol hcl)*	4	
MYCOBUTIN *(rifabutin)*	4	
PRIFTIN	3	
pyrazinamide	1	
rifabutin	1	
rifampin CAPS	1	
TRECATOR	2	
ANTINEOPLASTICS AND ADJUNCTIVE
