Choose the Health Net HMO plan that works for you

HMO plans are ideal if you prefer a primary doctor to coordinate all your medical care at more predictable costs. You simply choose a primary care physician (PCP) from our provider network. Your PCP will oversee all your health care-related services, including referrals and authorizations to specialists.

CanopyCare HMO

Northern California in-network only plan

With CanopyCare HMO you have access to the entire Canopy Health network made up of **6 prominent medical groups** with **5,500+ physicians**, **30+ contracted hospitals/medical centers**, and **70+ urgent care centers**. Your doctor can refer you to any doctor in the Canopy Health network even if that doctor isn't part of your medical group.

SmartCare HMO network

Southern California in-network only plans

The heart of SmartCare is a local, Southern California HMO provider network that connects you to trusted, high-quality providers and hospitals. With easy to use benefits, more predictable costs and a quality network, SmartCare is an attractive, whole-health option for you and your family.

Health Net PPO plan

California in- and out-of-network plans

Health Net PPO is offered throughout the state of California. PPO plans give you the freedom to go straight to any doctor you choose. Our PPO plans offer a large network of participating providers within California with a wide range of medical services. Effective November 1, 2023, Health Net PPO members will utilize the Cigna HealthcareSM PPO Network¹ to access providers outside of California at the in-network coverage level.

All our plans include:

- Benefits for office visits.
- Hospitalization.
- X-ray and lab services.
- Prenatal and postnatal services.
- Behavioral health services.
- Inpatient and emergency services.

As a PPO member, you have options!

- You may select our in-network preferred providers, or you may choose out-of-network providers.
- Choosing in-network providers generally helps keep your out-of-pocket expenses lower.²
- You do not need to choose a PCP, nor do you need referrals when going to a specialist.
- For even more convenience, no claims need to be filed when you visit an in-network provider.

¹The Cigna HealthcareSM PPO Network refers to the health care providers (doctors, hospitals, specialists) contracted as part of the Cigna Healthcare PPO for Shared Administration.

²To keep your costs as low as possible, go to doctors and specialists in your plan's PPO network. Doctors who aren't in your network may charge more than Health Net will pay. You may have to pay the difference between what the out-of-network doctor charges and what Health Net pays. This is called balance billing. You pay these costs in addition to your deductible, copays, coinsurance and your monthly premium. And, balance billing amounts are not covered by your plan and won't apply to your annual deductible or your out-of-pocket maximum.

³Covered services authorized by Health Net and emergency care are covered outside of the network.
