Choose the Health Net HMO plan that works for you

HMO plans are a good fit if you like having one doctor manage your care with more predictable costs. You pick a primary care physician (PCP) from our provider network, and they'll coordinate your care, including specialist referrals.

Full Network HMO

Northern California in-network only plan

The Full Network HMO is our broadest HMO option spanning 22 counties across California and offering access to over **26,917 physicians** (PCPs and specialists) and more than **91 hospitals** within the service area. Built on a classic HMO structure, it provides members with extensive provider choice and broad, statewide access to care.

SmartCare HMO network

Southern California in-network only plans

The heart of SmartCare is a local, Southern California HMO provider network that connects you to trusted, quality providers and hospitals. With easy-to-use benefits, more predictable costs, and a quality network, SmartCare is an attractive option for you and your family.

Health Net PPO plan

California In- and Out-of-network plans

Health Net PPO is offered throughout the state of California. PPO plans give you the freedom to go straight to any doctor you choose. Our PPO plans offer a large network of participating providers within California with a wide range of medical services. Health Net PPO members will utilize the Cigna HealthcareSM PPO Network¹ to access providers outside of California at the in-network coverage level.

All our plans include:

- Benefits for office visits
- Hospitalization
- X-ray and lab services
- Prenatal and postnatal services
- Behavioral health services
- Inpatient and emergency services

As a PPO member, you have options!

- You may select our in-network preferred providers, or you may choose out-of-network providers.
- Choosing in-network providers generally helps keep your out-of-pocket expenses lower.²
- You do not need to choose a PCP, nor do you need referrals when going to a specialist.
- For even more convenience, no claims need to be filed when you visit an in-network provider.

¹The Cigna Healthcare® PPO Network refers to the health care providers (doctors, hospitals, specialists) contracted as part of the Cigna Healthcare PPO for Shared Administration.

²To keep your costs as low as possible, go to doctors and specialists in your plan's PPO network. Doctors who aren't in your network may charge more than Health Net will pay. You may have to pay the difference between what the out-of-network doctor charges and what Health Net pays. This is called balance billing. You pay these costs in addition to your deductible, copays, coinsurance and your monthly premium. And, balance billing amounts are not covered by your plan and won't apply to your annual deductible or your out-of-pocket maximum.

³Covered services authorized by Health Net and emergency care are covered outside of the network.

⁴You may receive services on an in-person basis or via telehealth, if available, from your primary care provider, a treating specialist or from another contracting individual health professional, contracting clinic, or contracting health facility consistent with the service and existing timeliness and geographic access standards required under California law. Any cost share for services received through Teladoc Health will accrue toward your out-of-pocket maximum and deductible (if your plan has a deductible). By scheduling through Teladoc Health, you consent to receive services via telehealth through Teladoc Health. See your health plan coverage document for coverage information and for the definition of telehealth services. You have a right to access your medical records for services received through Teladoc Health. Unless you choose otherwise, any services provided through Teladoc Health shall be shared with your primary care provider.

⁵Access to telehealth services does not guarantee a prescription.

⁶Upon request, a Behavioral Health rep will reach out to providers on your behalf and will contact you once an available provider is found. Please note routine appointments with an MD/Psychiatrist may take up to 15 business days, or 10 business days for a therapist.

⁷Scale provided at enrollment. Activity tracker is earned by achieving a weight loss of 2% or more after 30 days in the program or engaging with the program for at least 10 days (days do not have to be consecutive).

⁸Members/spouses must be 18 years or older to take part. Fees will vary based on fitness center selection. There is a 2-month commitment required. The Active&Fit Direct program is provided by American Specialty Health Fitness, Inc., a subsidiary of American Specialty Health Incorporated (ASH). Active&Fit Direct is a trademark of ASH and used with permission herein. Not all services may be available in all areas and the program may be changed (including monthly and enrollment fees and/or the introductory period) or discontinued at any time.
