Use the Canopy Health 'Alliance Referral Program' to find a Specialist

Canopy Health's 'Alliance Referral Program' gives you the choice to find a specialist that is right for you. In most HMOs you must get your care within your medical group. Canopy Health gives you access to all our specialists throughout the Bay Area, even those outside of your medical group.

If a specialist is required, you and your doctor will discuss the best option within the Canopy Health network and your doctor will provide you with a referral to the appropriate specialist. OB/GYN services do not require a referral.
